12 - 2024-2025 TUITION FEES

Tuition fees are mandatory for any administrative registration at INSA Lyon, these are annual fees to be paid in addition to the recruitment fees mentioned before. Since 19 April 2019, a ministerial order states that non E.E.A. students will be required to pay differential registration fees.

The tuition fees depend on the nationality of the student.

Students coming from a non-EEA country[1] - European Economic Area - will be required to pay differential registration fees, i.e.:

• 2 850 € for the first two years of the engineering program

• 3 879 € from the 3rd year.

After 2 years of fiscal residence in France, i.e. 3 academic years, non-European students pay the same registration fees as EEA students (upon presentation of the last 3 tax certificates).

Foreign students enrolled for their 1st year into an international section via a specific jury are partially exempted when they first register.

Your 2024-2025 tuition fees will be 618 €.

This exemption is only automatic when you first register. In 2024-2025, you will be subject to differentiated fees. You can then apply for a partial waiver of these fees from the Administrative Directorate of Training in spring 2025. Partial exemption is granted on social grounds. Some students recruited under the AMERINSA double degree do not have to pay the registration fees of INSA Lyon. These fees can be paid by cheque, bank transfer or credit card online.

A link will be sent to you from July 11, 2024 to finalize your administrative registration online and pay the 618 €, so please wait.

We will accompany you in the finalization of your registration.
