
2022-2023 ACADEMIC YEAR

FROM 11 JULY 2022

1st year of a PhD : how to register ?

Registration on a PhD at INSA Lyon comprises two stages :

- **Stage 1 : Course registration** with the doctoral school via the SIGED doctoral school information and management system,
- **Stage 2 : Support and administrative registration** with INSA Lyon via the the SIGED doctoral school information and management system and SCOLARX software.

Your registration will be final and validated only upon completion of these two stages.

Stage 1 : Registration with your Doctoral School (step 1 to 4 in SIGED)

- After obtaining approval from your PhD supervisor, **contact your doctoral school¹ to request a SIGED access code** providing a **valid and permanent personal e-mail address**.

It is at this address that the information necessary for your connection to SIGED will be sent to you and it is this contact address that will be used throughout the duration of your PhD if necessary.

- **Log in** to the SIGED platform at <https://siged.universite-lyon.fr>, selecting INSA Lyon as the establishment and using the access code received by e-mail.

- **Create your student file** online by filling in the information requested in order to begin your PhD course registration. Some tabs contain mandatory fields (indicated by an asterisk). These are the following: Personal information | Curriculum | Thesis | Funding.

Check the website of your doctoral school to find all the information necessary for course registration (**for example, the individual doctoral training agreement**) and to see the educational programme you will have to follow during your PhD course.

- When you have finished entering all the information necessary for your course registration, you can **submit your application** to the doctoral school (by clicking on "Submit my request" displayed in white lettering on the right of the screen).

Note that if you place the cursor on the "Submit my request" button when it is displayed in black, the system tells you which tabs to complete.

- SIGED allows **the electronic validation** of your student file by the secretary of the Doctoral School, your PhD supervisor, your laboratory director and the director of your doctoral school.

You can follow the progress of these validations in SIGED by regularly consulting your student file in the "Registrations" tab.

Stage 2 : Registration at INSA Lyon (steps 5 and 6 in SIGED + administrative registration process via Sclarix)

When your student file reaches stage 5/6, **the FEDORA department checks that your administrative file is complete and admissible** before your registration is finalised by the Admissions Office of INSA Lyon (DAFOR).

We remind you that it is your responsibility to check the progress of your file in SIGED.

¹ you can find the list of doctoral schools on the last page.
